Circular No. 189—P.S. dated 13th February 1950.

To

All Officers of the State who draw or countersign Pre-audit Bills.

Subject:—The presentation of contingent and supplies and services bills for pre-audit and payment before the end of the official year 1949-50.

If a large number of bills which have to be pre-audited and paid before the close of the official year 1949–50 are sent to the Audit Office during the last few days of March 1950, it will result in great inconvenience and severe strain on the Pay Section and other Audit Sections of this Office. Therefore, all drawing and countersigning officers are requested to arrange for the expeditious disposal of such bills at all stages and for the transmission of the same to this office from now onwards, as and when each bill is ready to be sent to this office, so that there may be no congestion of work in this office towards the close of the official year. This step will also ensure that a number of these bills are not carried over un-audited to the next official year.

The audit of bills for contingencies and supplies and services received in this office after the 25th of March 1950 cannot ordinarily be expected to be completed by the 31st of March 1950.

FINANCIAL SECRETARIAT.

No. Fl. 3961-4020—G.F. 134-46-2, dated 19th November 1946.

Cheque remittances for credit of the Dewan's Deposit Account.

According to the existing procedure cheques received by the several departments of Government in Bangalore are remitted o the Bank through the Bangalore District Treasury, except in the case of the Electrical Department. It is generally omplained by the departments that this procedure involves delay in the adjustment of cheque realisations to the credit of eir accounts. It is, therefore, arranged that the departments accepting the cheques may remit them directly to the Bank Mysore, Limited, Head Office, the amounts being transferred by the Bank to the Dewan's Deposit Account once a week nd at the end of each month. The following is the procedure for accounting of the same:—

(i) The several offices of Government situated in Bangalore that accept cheques from the public in satisfaction of ues to Government shall remit such cheques classified into three categories—

(*a*) Cheques on Head Office,
(*b*) Cheques on Local Banks including branches of Mysore Bank,
(*c*) Cheques on outstations including branches of Mysore Bank,

irectly to the Bank of Mysore, Ltd., with duplicate schedules for each category for credit to a separate suspense account to e opened in the books of the Bank in the official name of the officer. There shall be no drawings on this suspense account n effect this will be merely a suspense account for credit of receipts to the Dewan's Deposit Account the same being adjusted eekly and also at the end of each month).

(ii) The Bank on realisation of the cheques, will afford necessary credit to the concerned suspense account (deducting ommission charges, if any, on outstation cheques) and will advise full particulars to the remitting officer.

(iii) The balance at the credit of each suspense account at the end of each week, as also at the end of each month, ill be transferred to the credit of the Dewan's account and the amount so transferred will be intimated to the concerned fficer. There will be only one figure in the Dewan's Account per week for each officer and no details will be shown.

(iv) The departments have to maintain detailed accounts showing cheques remitted. For this purpose a register styled Register of Remittances by Cheques to the Bank of Mysore" will be opened in the accompanying form in which all details oncerning cheques received, remitted and adjusted will be noted. It will be the duty of the departmental officers to see hat cheques sent are promptly realised or, if not cashed for any reasons, are returned to the departmental officer.

(v) On receipt of weekly advices of transfers to the Dewan's Deposit Account, the departments should verify the mount and furnish necessary classification for the same to the Books Section of the Comptroller's Office without delay in the orm annexed.

(vi) This procedure of accounting will apply to the Railway and Electrical Departments also.

The new procedure will be brought into force with effect from November 1946
